

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: FPA# 2411745. This project location is on platted lands and requires a SEPA. The proposal is for culvert replacement on a type F Stream. The existing culvert is 36 inch round and will be replaced with an 11.5 foot wide arch culvert. In addition to the culvert replacement the road will undergo improvement to escape the threat of wash-out which would be detrimental to salmon spawning.

Proponent: Todd Iguchi

Location of proposal, including street address, if any: Section 7, Township 23 North, Range 2 East, W.M., 5182 Phillips Rd. SE, Port Orchard, WA

Lead agency: Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
